black+blum

black+blum in Canada

The bag is waterproof and spills can be wiped up easily.

Luminaire is very proud to offer the revolutionary **black+blum** Box Appetit lunchbox. It's a more versatile alternative to the Japanese Bento Box. Box Appetit is more like a ceramic bowl than a standard plastic food container. Its glass-like lid locks to the body for a watertight seal and it has a sauce dipping area. It's great for sushi, salads, chicken and french fries and many other exciting lunches. The sauce pot is great for salad dressing or ketchup. You can dress your salad just before you eat it, retaining the crispness of the ingredients. The inner dish enables you to divide the lunch, microwaving the hot ingredients while the rest remains cold. And there's a fork and knife included. The Box Appetit is microwave and dishwasher safe.

If you carry your lunchbox in the Box Appetit Bag there's additional room for a drink and a piece of fruit. One tug opens the bag into a mini blanket. You can have a picnic in the park around the corner from the office or protect your desk.
