Executive Suites Hotel & Resort in Squamish provides a comfortable, mountain influenced condo-style getaway. It consists of 111 studio, one or two bedrooms suites, featuring fully equipped kitchens and private balconies. Executive Suites was built by the Vancouver based Executive Group of Companies, known for quality workmanship, excellent customer service and meticulous attention to detail.

Our buyer's took advantage of this amazing opportunity, as the 2010 Winter Olympics were approaching. Near Whistler, these units came fully furnished and could be rented as hotel suites, providing a good rate of return through the rental pool program. The development sold out in a few months.
